6. Cautions & Notices

If you are younger than 18, do not use our Services: You should go to a doctor, preferably an ear-nose-throat doctor (an ENT), because your condition needs specialized care. Our hearing aids are intended only for users who are age 18 or older.

Our hearing aids are designed and intended for perceived mild-to-moderate hearing loss in adults. If you experience any of the following you may have this kind of hearing loss:

- Difficulty hearing or understanding conversations, especially in groups or noisy places, or when you can't see who is talking;
- Difficulty hearing while using a telephone;
- Fatigue due to greater listening effort;
- Needing to turn up the volume of the television, radio, or music louder than normal or loud enough for others to complain.

You can seek assistance from a hearing healthcare professional: Our devices may not be useful for more significant hearing loss or complicated hearing needs. If you cannot hear conversations in a quiet environment, or you have trouble hearing loud sounds - for example, loud music, motor vehicles, power tools, or noisy appliances - this device may not help you hear better. If you try our devices and continue to struggle with or remain concerned about your hearing, you should seek a consultation with a hearing healthcare professional.

Conditions that Require Medical Care: Prior to purchasing our devices, you should promptly consult with a licensed physician, preferably an ear specialist, if you have any of the following:

- Visible deformity of the ear, either present since birth or from trauma;
- Fluid, pus or blood coming out of the ear in the past 6 months;
- Pain or discomfort in the ear;
- History of excessive ear wax or suspicion that something is in the ear canal;
- Episodes of vertigo (a sensation of spinning or swaying) or severe dizziness;
- Sudden, quickly worsening, or fluctuating hearing loss in the past 6 months;
- Your hearing changes; it gets worse then gets better again;

- You have worse hearing in one ear;
- You hear ringing or buzzing in only one ear.

Hearing aids should not cause pain when inserting: Remove the hearing aid device from your ear if it causes pain or discomfort when inserting or placing it in position. To try again, make sure to follow the instructions. If you feel pain or discomfort again, please contact us. If your pain or discomfort doesn't go away, contact your hearing healthcare professional. You may also report this to the FDA as an adverse event according to the instructions that appear later.

Our hearing aids are not hearing protection: You should remove the hearing aids if you experience overly loud sounds, either of short or long duration. You should use appropriate hearing protection in loud environments. As a general rule, if you would use ear plugs in a loud environment, you should remove your hearing aids and use ear plugs in that environment.

The sound output should not be uncomfortable or painful: You should turn down the volume or remove the hearing aids if the sound output is uncomfortably loud or painful. If you consistently need to turn the volume down, you may need to further adjust your hearing aids.

You can seek medical help if a hearing piece gets stuck in your ear: If any part of your hearing aid, like the ear tip, gets stuck in your ear, and you can't easily remove it with your fingers, get medical help as soon as you can. You should not try to use tweezers or cotton swabs because they can push the part farther into your ear, injuring your eardrum or ear canal, possibly seriously.

If you remain concerned, consult with a professional: If you try our hearing aids and continue to struggle with or remain concerned about your hearing, you should consult with a hearing healthcare professional.

More information, including the user instructional brochure, can be found on our website.

You may also call (779) 230-4934 to request a paper copy of this information and other labeling.

You are advised that it is in your best health interest to consult a physician or healthcare professional before making any medical decisions. It should be noted that hearing aids/instruments cannot restore normal hearing and will not prevent or improve any hearing impairment. You are urged to use your hearing aid frequently to obtain full benefit from it.

When you Subscribe or purchase a hearing aid or accessories from us, you warrant that you are 18 years of age or older.

All information gathered through or supplied by this website, or any of the Providers, in any form, is deemed to be for informational purposes only and does not constitute medical or professional advice.

- The package will need to be returned to the correct address as provided by us.

You will have 7 (seven) days to return the accessories after the notice or provide us with the tracking number.

We are not able to accept the return of any products which do not comply with these conditions. Products returned without a valid USPS return label number will be deemed not to have been validly returned and may be sent back to you at your own expense.

If the product is returned within 45-days of the date of receipt and you have complied with the above conditions you will be entitled to a full refund of the original purchase price or Subscription fee. Any refunds shall be affected in the same manner in which your payment was made (i.e. by processing the refund against your credit card/FSA/HSA card).

We reserve the right to charge a replacement fee for any accessories not returned.

If you elect to cancel your Subscription prior to the end of the 24-month period, we will charge a fee for the early termination. The early termination fee amount will be equivalent to one month of your Subscription fee (excluding any shipping costs, discounts or coupons redeemed on purchase). By terminating before the expiration date, you agree to be bound by these Terms and Conditions and the Rental Agreement for a period of 12 months after termination and that the early termination fee is reasonable. Please contact us to arrange for cancellation and early termination. Note that you will need to return the hearing aids and all unused accessories.

Please note that all shipping costs or any other costs incurred for the return of your hearing aid(s) will be for your own account, and any loss or damage of your hearing aid(s) incurred during the returns process will be for your own account and responsibility. We do not accept any liability for any loss or damage of your hearing aid(s) that may result from the return shipping process. We highly recommend that you purchase additional shipping insurance when returning your hearing aid(s).

If you have signed up for a Subscription you may not under any circumstances resell, or attempt to resell, the hearing aid devices.

Note that in the event that you return your hearing aid(s), your access to and your value from the Rewards program will immediately cease and you will lose all accumulated points up

until that point, and the points will become worthless and unable to be redeemed for any value.

In the event that we receive incorrect items from you, we will contact you to arrange for the return thereof. Please note that return shipping will be for your own account. 27. Rewards for both the Lexie Lumen and the Lexie Powered by Bose hearing aids (hereinafter collectively the "Rewards programs/ Rewards") unless indicated otherwise.

By opting into the Rewards program using the App it is deemed that you have read, understood, agree to and are bound to these Terms and Conditions. You must not opt into or use the Rewards program in the App unless you understand and agree to the Terms and Conditions. If you have any queries, please contact us before opting in or using the Rewards program within the App.

27.1. Rewards program

Our Rewards program is an accilmitization program that gives you the opportunity to earn and redeem points for selected rewards which may include consumables (batteries, domes and tubes) or accessories (as and when available in the Lexie store) and discounts on your monthly subscription (where applicable). The program differs in duration based on device purchase details and payment type.

Earn points when you wear your hearing aids (where applicable), perform everyday tasks with your hearing aids and on the App, and give us feedback that will help us to help you. The Reward program is free to our App users and can be accessed through the App.

Rewards points can only be applied to the purchase price of eligible products or specified rewards, and carry no cash value. Rewards points may not be redeemed for cash.

In order to join the Rewards program, you need to opt in for the Rewards by registering in the Rewards section in the applicable App. Simply downloading the App to your phone does not automatically sign you up to the Rewards program. We recommend that you sign up for the Rewards program as soon as possible after receiving your hearing aids as a late sign-up will significantly reduce your Rewards points earning potential.

Points can be earned by completing Wearing Goals (where applicable) and activities set by Lexie Hearing. We reserve the right to change weighting and point allocation within versions of the Rewards program at our sole discretion. Lexie Hearing also retains the right to change the Lexie Rewards program and rewards available to users at any time. Accumulated points may be redeemed at any time during the program and redeemed points will be subtracted from the total number of accumulated points.

In the event that you return your hearing aid(s) or cancel your Subscription, your access to and your value from the Rewards program will immediately cease and you will lose all accumulated points up until that point and the points will become worthless and unable to be redeemed for any value.

Activities and Wearing Goals (where applicable) need to be synced with our Service in order for your points to be allocated. In order to do this, you need to ensure that your App is accessed while you have an internet connection (and while your devices are connected to

the App via Bluetooth) at least once a week so that the activities and points which are cached on the device and can be synced to our service. Only points that are synced in accordance with this (or any other instructions which we give you for successful syncing) to the service will be attributed to your account. We shall not be held responsible for any lost or unassigned points as a result of your failure to use the App or sync the data with an internet connection regularly.

By signing up and 'opting in' to the Rewards program you consent to receiving phone calls, text messages, in-app notifications and communication, emails, and push notifications as part of the program. You can reply "STOP" to opt-out of texts. Message and data rates apply. By completing any rating or review activities you consent to such content being used in our marketing material, including our website, social media, and our blog. If used, this content shall not attract any royalty payments to you.

The Rewards program is currently available to Lexie Lumen and Lexie Powered by Bose B1 customers.

27.2. Wearing Goals (only applicable to Lexie Lumen)

The first hearing aid that rewards you for wearing it. The better you wear, the less you pay.

Wearing your hearing aids is important because as you wear them you build up a tolerance to louder volume levels. To help you adjust to wearing your hearing aids, personalized Wearing Goals are automatically set to complement your lifestyle.

In order to accrue points, the Wearing Goals need to be met. Wearing Goal points are assigned on an 'all or nothing' basis. If you miss the target wearing time for the week, you will not receive any points for that week.

The Rewards program Wearing Goals will be divided into 7-day cycles that are not fixed/ attached to a specific day of the week. Your Wearing Goal will be reviewed at the end of each seven-day cycle ("week") and will determine your Wearing Goal for the following week. The first "week" will start on the day you opt in for Rewards.

To achieve your Wearing Goals, you will be required to wear your hearing aid for a certain period of time each week and synchronize your hearing aid with the App on your mobile device at the end of that week, when prompted. Note: If you turn off notifications on the App, you will not receive any prompts for this synchronization.

If you do not synchronize your hearing aid with the App in time, you may forfeit the points for that week and you will not be able to claim those points towards your Wearing Goals, or it may result in the inaccurate or incorrect reflection of the duration of your usage.

hearX USA and Lexie Hearing cannot be held liable for your failure to synchronize your Wearing Goals.

By “opting in” and participating in the Rewards program, you expressly consent that we may monitor your usage of your hearing aid through the App or other Lexie platforms.

27.3. Activities

Activities will help orient you to your devices and the App. You will be required to complete these activities in order to earn the points attributed to said activities.

The activities listed on the App each have a specific points value. Points applicable to activities are assigned on a 'per activity' basis, so you will receive the points allocated in the activity on successful completion.

Activity will only be available for a certain period of time, after which it will expire, regardless of whether you have completed the activity. Should you miss the deadline for the completion of the activity, you will permanently lose the opportunity to earn points for that activity. You will be notified on the App when new activities become available. Note: If you turn off notifications on the App, you will not receive notifications for new activities.

27.4. Rewards Program Disclaimer

27.6. Rewards Benefits And Discounts

We may, at our sole discretion, terminate, cancel, amend, adjust or vary the Rewards benefits and point allocation. Discount coupons earned through the Rewards program will only apply to accessories, not hearing aid devices.

Your participation in and any points accumulated through the Rewards program may be terminated if we find that you have acted dishonestly or fraudulently in your engagement with us.

We reserve the right to temporarily revoke your Reward points earned if we find that your Subscription account is not paid up to date until you pay all outstanding fees.

The Rewards points earned are applicable and connected to the serial number of your hearing aid(s) and are earned by completing the specified goals.

Our hearing aid devices, Services, and Rewards program are only available to users in the continental United States.

Allocated Rewards points available on goals, where applicable, will differ depending on whether you purchased one or two hearing aids. The Rewards program will track the usage of the hearing aid that is worn the most.

The Rewards points have no cash value and may only be redeemed against items that we make available as rewards on the program. Users may not transfer rights to rewards or benefits to another person or use these rights as security for any debt.

Any refunds, or rewards point accumulation earned through the Rewards program, will be applied to the actual amount of the purchase price of the hearing aids after any coupons or discount vouchers have been applied and excluding shipping.

If you wish to return your hearing aid devices for a refund during the 45-day trial period, any points that you have earned through the Rewards program will be void and worthless.

If your hearing aid is returned to us for repair within your 45-day trial period, the trial period and your Rewards program will be paused until you have received your devices again. If the pause starts in the middle of a certain week, the completed activities and goals for that week will be accounted for. However, the week will restart in terms of your Wearing Goals (where applicable) once you have received your devices from us. The billing date will be delayed by the amount of days the repair process has taken. Billing will be placed on hold until the 45-day trial and the Rewards program commences again.

We will need to verify your identity and hearing aid(s) purchase through the App before you can opt into the Rewards program. You have a right to access, update or correct your personal information. It is your responsibility to ensure that your personal details are correct, as we will not be responsible for any loss or damage because of errors due to incorrect information. If you require any assistance to change or rectify any information you may call our contact center or update limited information in the App (if available for update via the App).

If you request that your account or data be deleted, either by contacting us or through the App, your access to the Services will immediately cease and any accumulated points or value from the Rewards program will become worthless and unable to be redeemed for any value.

Please note that deleting your account or data will not cancel your Subscription (if applicable). To cancel your Subscription you will be required to follow the instructions set out in your Subscription Agreement and our [Returns Policy](#).

You (the person for whom the hearing aid(s) were purchased with the intention to physically wear the hearing aid(s)) are the only person authorized to participate in the Rewards program. You may not exchange or lend your hearing aid to another person in order to achieve goals or earn points through the Rewards program.

You are responsible for the safekeeping and proper use of your hearing aid devices. You agree to notify us immediately if your App has been compromised, or if you suspect that your profile has been fraudulently accessed or used, failing which you agree that you will accept responsibility for any losses incurred resulting from the use thereof by any unauthorized person.

27.7. How Your Points In Rewards Will Be Accumulated

You can earn points that are redeemable on purchases in the Lexie store or in a reduction towards your monthly subscription (where applicable). The maximum amount of points that you can accumulate will be calculated based on your chosen option (Subscription or One-time purchase), the relevant purchase price or Subscription value, minus any discounts, coupons, accessories, add-on services or shipping.

The maximum amount of attainable points differ by the hearing aid model.

The total points you may earn through your Lexie Lumen hearing aid(s) is dependent on the amount of Wearing Goals and activities you have met during the Rewards program.

The total points you may earn through the Lexie Powered by Bose® hearing aids is dependent on the amount of activities you have done during the Rewards program.

We may determine and/or adjust the number of points you can earn for each activity at our sole discretion. Your points earned will be reflected in the Rewards section of the App. There are limits to how many points you can earn for activities. The final points accumulated will be determined upon your completion of the program. Once the period is complete, you will be able to redeem the points via the App.
